PETITION FOR RULE MAKING

Pursuant to 47 C.F.R. 1.401, Robert Fabian respectfully petitions the FCC to institute a Rule Making proceeding to amend the FM Table of Allotments to add Channel 279C3 at McLean, Texas.

DISCUSSION

Petitioner respectfully submits that the public interest would be served by allocating Channel 279C3 to McLean, Texas, as that community's first aural broadcast transmission service. McLean is an incorporated city with a population in excess of 828 people. McLean has its own mayor, Bob Martin, its own school system, its own post office, its own fire department and a number of local churches. The proposed channel 279C3 will provide additional diversity and an outlet for local self-expression to McLean residents and therefore is in the public interest.

Should this petition be granted, and Channel 279C3 be allotted to McLean, Texas Petitioner will apply for Channel 279C3, and after it is authorized, will promptly construct the new facility.

The information provided in this Petition for Rule Making is correct and true to the best of my knowledge.

Respectfully submitted,

Robert Fabian
